

Dear Student,

My heartiest Congratulations to you as you arrive at an important milestone in life. The Heritage School has sustained its tradition of 100% results in AISSCE. With your persistence and determination, we stand at an average percentage of 86.3% in the year 2018. The average for best four subjects Science Stream stood at 90.26%, and that for Commerce and Humanities at 85.03% and 90.22%, respectively. Centum scores in Economics got some of you to join the CBSE Toppers list.

The result has reaffirmed our belief in the inclusive approach towards education, which caters to the differential needs of each individual and facilitates success for all.

These results are a part of the journey just like the many inspiring experiences, loving teachers and trustworthy friends who you met along the way and looked up to, in your many years of your association with the school. Your learning in its true sense is a culmination of all of these. The awareness about your own self, your strengths and abilities is pivotal. It is this that will go along with you in whatever you pursue, wherever you go.

We are proud of you. I wish you good luck and success in all your future endeavours.

I extend my wishes to your parents and teachers too who have contributed significantly both from the foreground and the background in innumerable ways. The belief they entrusted in you at all times is immense and invaluable.

Looking forward to an everlasting association!!!!

*Warm Regards
Neena Kaul
(Principal)*
